

BETHANY BAPTIST CHURCH OPENS BIG REVIVAL MEETING

Christian Minister From Baltimore Will Be Leader of Services.

A two weeks' revival begins at the Bethany Baptist Church tonight. The evangelist will be the Rev. Dr. Peter Ainslie, pastor of the Christian Temple, of Baltimore, and said to be the foremost minister in the Christian churches of this country.

The revival, which begins tonight, is odd in the fact that it is the first time in more than fifty years a preacher of the Christian church, has conducted a revival in the Baptist church. It is said that Dr. Ainslie favors a union of the Baptist and Christian churches. The beliefs of both churches are about the same, differing only in a few things.

"I believe that sooner or later these two great churches—the Baptists and the Christians—will be united," said the Rev. Hugh T. Stearns, pastor of the church at which the revival is to be held. The only thing that stands in the way now is practical difficulties upon a name satisfactory to both churches," continued the Rev. Stearns.

Forget Old Grievances.

As an evidence of the fact that the Christian Churches and the Baptist Churches are forgetting old grievances, the pastors of the Baptist and Christian Churches of Washington today met the ministers of the two churches in the Baltimore in a union meeting, followed by a dinner at the Metropolitan Baptist Church, Sixth and A street north-east.

At the revival, which begins at Bethany Church, old-time songs will be sung.

"Peter Ainslie is one of the greatest preachers in America," said the Rev. Stearns today.

Urges Simple Life.

A return to the simple life is recommended by the Rev. Dr. Samuel H. Woodrow, pastor of the First Congregational Church, a revival or prevention for the apparent increase in the number of suicides in this country.

Dr. Woodrow preached last night on the question of "The Ethics of Suicide." The pastor said that self-destruction seems to occur in greater numbers in June than in any other month of the year.

"Civilization accustoms people to luxuries and so enervates them that they are unable to endure hardships or withstand reverses of fortune," he said.

"We need to return to a simpler and more normal mode of living," he said.

The Rev. A. W. Spooner, pastor of the Sixth Presbyterian Church, in a sermon last night on "The War in the Balkans," said he believed the hand of God was directing the successes of the Bulgarians, the Serbians, the Greeks, and the Montenegrins in their fight against the Turks.

Vice President Sherman was eulogized in a sermon by the Rev. Dr. Charles Wood, pastor of the Church of the Covenant, last night. Dr. Wood spoke of the late Vice President as a great statesman and a clean, moral man.

To Save Girls.

Working girls from ruin, the use of public schools as social centers, promoting proper street play in unfrequented streets, and safeguarding the great moving picture enterprise are some of the objects of the National Playground and Recreation Association, as explained by Charles F. Weller in an illustrated lecture at the Vermont Avenue Christian Church last night on "The Place of Play in the Development of the Child."

It was Mr. Weller, who five years ago, began the playground movement in this city.

A stereopticon lecture on "Jesus of Nazareth" will be delivered tonight at 8 o'clock in the Church of the Holy Spirit, at 10th and M streets, N.E., by the Rev. Dr. Charles Wood, pastor of the Church of the Covenant, last night. Dr. Wood spoke of the late Vice President as a great statesman and a clean, moral man.

The annual meeting of the Columbia Baptist Association will be held November 18 to 21 in the Metropolitan Baptist Church. The Rev. H. W. O. Millington, pastor of Brookland Baptist Church, will preside. The Rev. H. W. O. Millington, pastor of the Second Baptist Church, will preach the opening sermon.

Weakened Home Ties Are Much Decried By William Cooper

"Sons no longer know their fathers, and fathers no longer know their sons; mothers and daughters are not in sympathy with each other," said William Cooper, secretary of the Y. M. C. A., in addressing an evangelistic meeting for men at the association last night.

Mr. Cooper attributed much of the decay of home life to flat dwelling. He said there could be no genuine home spirit in an apartment house, and that there is small chance for a nation which is surrendering to the insidious comforts of the flat. He also paid a tribute to the platform of the Y. M. C. A., saying it was built on the Ten Commandments and the old moralities.

Speaking of present-day Christianity, the speaker said:

"It is no longer fashionable to say there is no God, and he who says so has no standing in polite society. The writings of Emerson and other unbelievers are almost forgotten. Notwithstanding this, there is almost a general disregard of the existence of God, which amounts to as much as the denial of a God."

Preceding Dr. Cooper's address, the Rev. Paul R. Hickok, pastor of the church, made a short address, introducing the speaker, followed by a chorus from the Armstrong Manual Training School singing a number of selections under the direction of their principal, H. Bruce Evans.

"Caught in the Coils of Her Gleaming Hair"

Cleopatra's hair was a deep copper, Mark Anthony was strangled in it, Caesar was enamored in it. Kingdoms have fallen for it. Be wise, and keep your hair. While you have the chance.

Get a five cent packet of AMBUROL today from your druggist. Half fill a basin with hot water. This is no "tea-spoon and soap" shampoo. Dip the head in, wetting the hair well. Now shake the AMBUROL powder on the hair and shampoo with one hand. It makes a big foam. The hair comes back to its youth, stops falling out. Dandruff disappears. Dull, brittle hair grows wavy and fluffy. AMBUROL is tonic and shampoo combined. Spend a nickel to prove it.

A useful book, "Secrets of Beauty," by Lady Ann L. In all 5 cent packets of AMBUROL. L. S. M. Co. agents.

FEW ANACOSTIANS WILL CAST VOTES

Noted Contrast in Matter of Interest From Former Years. Forty Hours' Devotion Opens at St. Teresa's Catholic Church.

WASHINGTON TIMES BUREAU, ANACOSTIA, D. C., NOV. 4.

Election day will take a small number of people only from this part of the District to their homes for the purpose of casting their ballots. This will be a striking contrast to the conditions existing as late as a few years ago, when vehicles filled with men intent on voting at the nearby Maryland voting booths left this section, as well as the city proper, determined to record themselves on one side or the other. Stricter election laws and a more rigid supervision over those entitled to cast their ballots have resulted in the elimination of this class from the lists of voters in the adjoining polling districts.

Those who will go to vote will be mostly people employed at the Government Hospital for the Insane. The number will be small, however, and those who go home will be in the main by residents of Maryland or Virginia.

The campaign has been allowed to drift along this year without any impetus from this section, where in former Presidential campaigns clubs and organizations have been active in the adjacent part of Maryland. This time it was different, and it seems as though the polls at Oxon Hill and Forestville, Md., and other nearby places will be unaffected by the elimination of any part affected, as far as this part of the District is concerned. This has not been so in the past, when District men have been looked to for counsel and aid by all involved.

The Forty Hours' devotion, a service in honor of the Blessed Sacrament, is in progress in St. Teresa's Church. It began yesterday immediately following the parish mass, which was celebrated at 10:30 o'clock a. m. In the procession were the Rev. E. P. Murphy, the celebrant of the mass; the Rev. Charles M. Hart, the pastor, altar boys with lighted tapers and flower girls, who strewn the altar with flowers in advance of the Blessed Sacrament, which was borne in the procession. The Blessed Sacrament was then placed on the main altar, which was banked with flowers, there to remain in solemn exposition until tomorrow evening. The benediction. Hundreds of parishioners filled the church yesterday, and today at the exposition.

Announcement was made yesterday of the celebration of mass in St. Teresa's Church tomorrow morning for the deceased members of the Society of St. Vincent de Paul.

Anacostia policemen who have gone on hunting expeditions into adjoining States are Sergeant Cornwell, who will go to West Virginia, and Policeman A.

L. Lucas, who will go to Maryland and Virginia.

Capt. Matthew Coughlan has assumed command of Chemical Engine Company, No. 5, and the truck company coupled with it at Congress Heights. Captain Coughlan has leased a home at Sixth and Savannah streets, and has removed there with his family. Captain Coughlan was assigned to the Congress Heights Company from Chemical Company, No. 1, at Benning. He succeeds Capt. W. B. Smith, who has been retired after nineteen years' service. Captain Smith will continue to live at Congress Heights, where he has a home in Raleigh place.

Another change made in the personnel of the Congress Heights Company is the transfer of Private William H. Nalley, who has been a fireman and resident at Congress Heights for about eight years. He has been assigned to No. 10 Company, in Washington, the transfer being made at his own request, and to the regret of the citizens of the suburb, as Fireman Nalley is a property owner in the town. His place has been filled by the transfer of J. W. Ashe, who has been a fireman in No. 8 Company, in the city.

The East Washington Heights Citizens' Association, which has been getting data concerning the plans of the District Commissioners relative to the extension to that suburb of the water service, which only reaches Randle Highlands now, will meet in the Baptist Church, in Bowen road, on the evening of November 11, when the reports will be received covering the proposed water extension. President H. A. Huescher has issued the call for the meeting, and will be the first one to be held by the association during the present season.

Mr. and Mrs. James A. Martin, who have been visiting David C. Fountain, the latter's father, in Bowen road, East Washington Heights, have gone to the Brooklyn navy yard, where Mr. Martin, who is the chief gunner on the torpedo boat Dixie, will join his vessel. The torpedo boat will sail for Cuba in January, at which time Mrs. Martin will return to her father's home for a while.

Mrs. Clara Lusby, the wife of Policeman T. A. Lusby, of the Eleventh precinct, was removed to Providence Hospital about midnight last night in a critical condition from illness. Several physicians were called to attend her, but her condition was regarded as so serious that the ambulance was called, and she was taken to the institution named. She had been ill for a number of days. Mrs. Lusby is a member of a well-known family and has been a life-long resident.

BODIES OF CITIZENS POSTPONE MEETINGS

The Columbia Heights Citizens' Association, the "Minnehaha Avenue" Improvement Association, and the Congress Heights Public Improvement Association have postponed their regular meetings, which were to have been held tomorrow night.

These associations meet the first Tuesday night in each month, and as this date falls on the general election, it was decided to call the meetings off.

The Lincoln Park Citizens' Association will drop the November meeting entirely, but the others will meet on the Tuesday night following.

The regular monthly meeting of the Connecticut Avenue Citizens' Association will be held Saturday night at 8 o'clock in a hall at Upton street, near Connecticut avenue. The Rev. Dr. Abraham Simon will deliver an address on "Civic Pride." David L. Selke, president, will preside.

HAVE CLOSE CALLS IN MOTOR CAR CRASH

Repairs are being made today to the automobile of a prominent Anacostia resident who narrowly escaped injury on the Livestock road, near the District line, last evening.

Mr. and Mrs. Powell were returning home in the automobile, driven by James T. Lowe, when the machine crashed into a curvy containing four men. The vehicle was overturned and the occupants thrown out and bruised. They declined hospital treatment. The occupants of the automobile were badly shaken up. The survey was practically completed, while the damage to the automobile was \$200.

The men in the carriage gave their names as William R. Bonds, of 59 Seventh street northwest, who was driving; William Blum, of 36 South Carolina avenue southeast; Charles Carson, of 41 H street southwest; and James H. Groves, of 226 Four-and-a-half street southwest.

Baltimore & Ohio to Pimlico Races, Baltimore, Nov. 1 to 12. Express trains from Union Station to Baltimore "Every hour on the hour."—Adv.

MORNING'S FROST FORERUNNER OF COLDER WEATHER

Forecasters Predict Two "Disturbances" and Lower Temperature.

Blanketed in a dense fog, and overlaid with a frost heavier than any seen to date this season, the District of Columbia and vicinity awakened today with the thorough realization that the time for overcoats and extra blankets was at hand. In confirmation of this realization comes the Weather Bureau forecast for the week, which predicts two "disturbances" and colder temperatures for this section during the period.

Much damage was done to the late garden products by this morning's frost, according to farmers who brought produce to the markets. But "the worst is yet to come." A "disturbance" that is centered west of the Rocky mountains will advance eastward, attended by local rains and snows in northern and rains in southern districts, and prevail over this section on Friday or Saturday, and the Eastern States near the close of the week. A change to "decidedly cold weather" will follow this storm, according to the forecasters.

So get those furs and that overcoat "out" by next Saturday, at the latest.

Confederate Veteran Celebrating Birthday

Daughters of the Confederacy assembling here for their convention, which begins with a reception tonight, recall today as being the birthday anniversary of one of the few living Confederate generals. This is Gen. Lunsford L. Lomax, who was born in November 4, 1825, the son of a regular army officer.

General Lomax received his preparatory education at the University of Virginia, where he was graduated in 1846. He attained the rank of major general in Lee's army, commanding the cavalry division of the Army of Northern Virginia.

Sir Edward Fry, a famous English journalist, is eighty-five today, and the American Congressmen also celebrate the day. They are Thomas S. Butler of the Seventh Pennsylvania and William H. Green of the Ninth Iowa.

Officers Probe Young Colored Man's Death

Investigation is being made by the authorities of Alexandria county, Va., today of the circumstances leading to the death of a young colored man, who was killed last night in a fight with a blood thug under the scalp.

Johnson told the doctors that he was struck a stunning blow on the head while losing with another colored man at Johnson's Hill, Va., several days ago. Johnson gave two Washington addresses, both of which proved fictitious.

PLAN CONFERENCE ON BOY AND HOME

Meeting To Be Held Tonight to Outline Program—Clergy Indorse Movement.

The final plans for the first Washington Conference on the Boy and the Home will be outlined at a meeting to be held tonight in the Y. M. C. A. building. Among the purposes of the conference, which will comprise a committee of citizens, will be the establishment of a course in normal training to prepare parents to give their children instruction in sex hygiene, and the

prosecution of alleged improper theaters.

A. M. Chesley, secretary of the Y. M. C. A. boys' department, who has been aiding the campaign against a local theater, will outline the results of his work, and also his future campaign, in a paper on "The Boy, the Home, and His Amusements."

In his sermon yesterday morning, the Rev. Charles Wood, pastor of the Church of the Covenant, indorsed the proposed work of the conference, as did also the Rev. Frank J. Goodwin, pastor of the Mt. Pleasant Congregational Church, and the Rev. Paul R. Hickok, pastor of the Metropolitan Presbyterian Church.

Appeals to I. C. C.

Complaints against several railroads were filed with the Interstate Commerce Commission today by the Ohio Iron and Metal Company, of Chicago, alleging it was charged excessive rates on scrap iron from Des Moines, Iowa. The company also alleged the roads discriminated against Chicago in favor of St. Louis.

Frogs Due to "Croak."
